

This listing of claims will replace all prior versions and listings of the claims in this application.

Listing of Claims:

1. (Original) A vinyl chloride resin composition that comprises as the major plasticizer a neopentyl glycol bis(diphenyl phosphate) composition in an amount that is no less than about 25% by weight, based upon the vinyl chloride resin being present at 100%, by weight.
2. (Original) A composition as claimed in Claim 1 wherein the neopentyl glycol bis(diphenyl phosphate) composition is present at from about 35% to about 125%, by weight.
3. (Original) A composition as claimed in Claim 1 wherein the neopentyl glycol bis(diphenyl phosphate) composition is present at from about 40% to about 90%, by weight.
4. (Previously Presented) A composition as claimed in Claim 1 wherein additional flame retardant and smoke suppressant synergists are present.
5. (Original) A composition as claimed in Claim 4 wherein zinc borate is additionally present.
6. (Original) A composition as claimed in Claim 4 wherein ammonium octamolybdate is additionally present.
7. (Previously Presented) A composition as claimed in Claim 2 wherein additional flame retardant and smoke suppressant synergists are present.
8. (Previously Presented) A composition as claimed in Claim 3 wherein additional flame retardant and smoke suppressant synergists are present.

9. (Previously Presented) A composition as claimed in Claim 8 wherein zinc borate is additionally present.

10. (Previously Presented) A composition as claimed in Claim 7 wherein zinc borate is additionally present.

11. (Previously Presented) A composition as claimed in Claim 8 wherein ammonium octamolybdate is additionally present.

12. (Previously Presented) A composition as claimed in Claim 7 wherein ammonium octamolybdate is additionally present.

13. (New) The composition as claimed in Claim 5, wherein ammonium octamolybdate is additionally present.
